

## Installing the CONTENTdm Acquisition Station

CARLI has purchased one copy of the CONTENTdm Acquisition Station for each CARLI institution; each institution may install the Acquisition Station on one PC. If you find that you need additional copies, please contact the CARLI Office at [support@carli.illinois.edu](mailto:support@carli.illinois.edu).

For questions about the installation procedures outlined below, please contact CARLI at [support@carli.illinois.edu](mailto:support@carli.illinois.edu).

### Install the CONTENTdm 4.2 JPEG2000 Acquisition Station

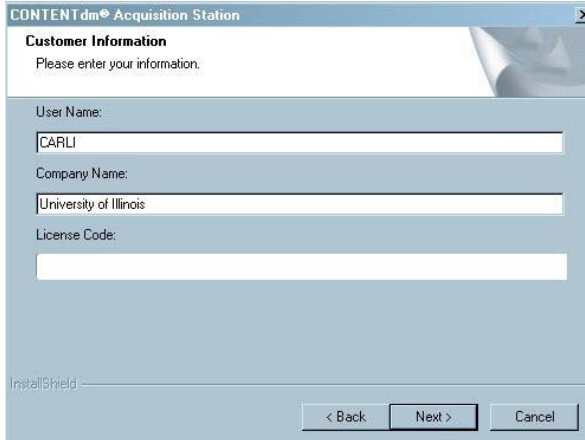

1. Insert the CONTENTdm 4.2 Acquisition Station installation CD-ROM into your computer and open it.
2. Double-click on the file called "InstallAcquisitionJP2.exe" to launch the installer. This may take a few minutes while the program configures the Windows Installer.

3. Once the Installer has loaded, click Next.
4. Click "Yes" to accept the License Agreement

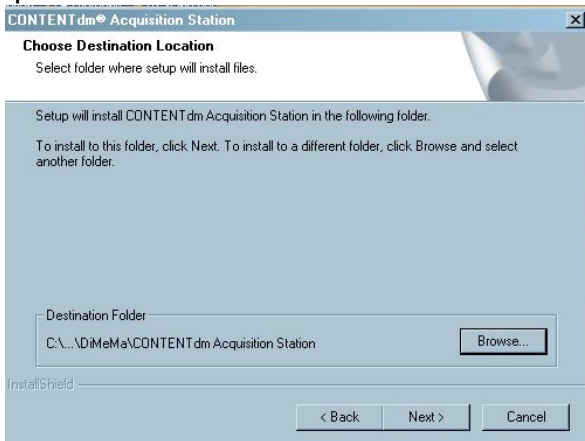

## Installing the CONTENTdm Acquisition Station

5. On the next screen, enter **your** name, **your** company name, and the license key for the Acquisition Station (the license key can be found on the sleeve of the CD-ROM). Click Next.

The screenshot shows a window titled "CONTENTdm Acquisition Station" with a close button (X) in the top right corner. The main heading is "Customer Information" with the instruction "Please enter your information." Below this are three input fields: "User Name:" containing "CARLI", "Company Name:" containing "University of Illinois", and "License Code:" which is empty. At the bottom left, it says "InstallShield". At the bottom right, there are three buttons: "< Back", "Next >", and "Cancel".

6. Choose the folder in which you want to install the CONTENTdm Acquisition Station, or accept the default location. Click Next.

The screenshot shows a window titled "CONTENTdm Acquisition Station" with a close button (X) in the top right corner. The main heading is "Choose Destination Location" with the instruction "Select folder where setup will install files." Below this is a text box stating: "Setup will install CONTENTdm Acquisition Station in the following folder. To install to this folder, click Next. To install to a different folder, click Browse and select another folder." Below the text box is a "Destination Folder" input field containing "C:\...\DIMeMa\CONTENTdm Acquisition Station" and a "Browse..." button. At the bottom left, it says "InstallShield". At the bottom right, there are three buttons: "< Back", "Next >", and "Cancel".

7. Click Next to install.

8. After the files have installed, click Finish to exit the installer.

9. Run the CONTENTdm Acquisition Station from Start > Programs > Acquisition Station or create a shortcut on your desktop.
