CARLI Digitization: Specialized Directories of Chicago

1. Description of material to be digitized.
We propose digitizing specialized directories from Chicago: occupational directories, ethnic directories, and club or organizational membership directories.
2. How does the proposal address the theme “Illinois Culture and Heritage” ?
These directories give insight into cultural and social activities in Chicago and are useful for local historians, cultural historians and genealogists. For example, The Musical Directory of Chicago would be of interest to historians studying popular music in the late-19th Century. It will also be of interest to any historian or genealogist researching the individuals listed in the directory.
3. List of items attached.
See attached list.
