    - Planning phase of a Forum after ALA in July, Web 2.0 for instruction (gaming, blogs, ITunes, etc)
- OPAC Team
    - Test script almost done, waiting for upgrade schedule

CARLI Office report:

- Not integrate WRO into tickets, has to do with streamlining CARLI workflow
- Preparing for ORACLE upgrade
- Office move will take place in May

Agenda Discussion:

- I-Share Liaison Forum
    - Look at suggested topics for next year, focus on things that don't fit a team
        - Several suggested Reports Forum
    - Mentors program worked well
    - SFX training may be set up for summer
- ILDS empty bags discussion referred to ILDS discussion list
- Ex Libris announcement :
    - will allow link to Google Book Search in Voyager upgrade, this is a voluntary option
- Send items to Larissa for year end report (due in June)
- Document Delivery Options—went to Product vetting committee and then to CARLI staff to evaluate, PALCI uses RAPID and Carlos suggested CARLI staff discuss with them, other investigations indicate that records are not 'clean' enough to integrate, small libraries may find this difficult to use but large libraries see a consortium-wide purchase as very advantageous
