ANNOUNCEMENTS:

Reminder to approve the May 29 minutes on the CWG wiki.

Lynn Wiley gave a brief report on the June 10 CARLI-sponsored Conference (funded from an Access and Analysis Award this year) “Our Monograph Collection: A Call for Collaboration”. Julie Gammon (University of Akron) shared the results of a recent OhioLINK assessment project on statewide monograph collections in Ohio. Lynn Wiley and Tina Chrzastowski presented results from their analysis of 5 years of monograph collection building in I-Share, including what we are buying and how it is being used.

Over 160 items have been submitted via the CARLI Last Copy Pilot Project. Elizabeth is still seeking a library willing to be a last copy repository for VHS recordings (neither UIUC or SIU-C is maintaining this format).

A monograph purchase-on-demand program is forthcoming and is being funded by CARLI and UIUC ($5,000 each). The CARLI Products and Services Vetting Committee supported this program which will offer universal benefit to the membership. Still to be fine-tuned and tested, the program provides for YBP vendor records to be added to I-Share, offering the user the opportunity to select and request a title, which will be placed on RUSH-to-shelf order, with delivery via ILDS to their home library.

Joliet Junior College is now a partner in the Donor’s Forum to meet the information needs of nonprofit organizations located in the southern suburbs of Chicago and the Joliet Junior College district as a whole. They
Elizabeth shared the CARLI Board’s “Proposal for the Collections Enhancement Award Program”. The Board discussed at length the CARLI Awards Program. The Board has decided to reduce funding for the Collections Enhancement Awards Program (both portions, Collaborative Digitization / Collection Partnerships and Access and Analysis Awards) for a combined total of $70,000 for FY2010. There will be a moratorium on funding for the FY2011 year. The OCA Digitization Initiative will remain funded at $100,000 for FY2001. A Task Force is being charged to do a thorough analysis of the program with recommendations for continuation and/or reconfiguration. John Dorr and Mary Konkel’s names were forwarded to represent the CWG on this Task Force. Last month’s proposal scoring already took into consideration a possible reduction in funding when the CWG selected the projects to fund.

STRATEGIC PLAN DEVELOPMENT

We reviewed the CARLI 2008-2010 Strategic Priorities to ensure that we are in alignment as we develop the CWG plan. While there will be some overlap with RESOURCE SHARING and E-RESOURCES in some of the activities the CWG supports and/or co-sponsors, we felt that other CARLI groups were focusing on these activities. Our priorities will focus on:

- COLLABORATION AND LEADERSHIP
- INNOVATION
- EDUCATION AND TRAINING
- COLLECTIONS

BRAINSTORM PROGRAM IDEAS

We reviewed comments from our programs last year and Elizabeth shared the preliminary results/comments from the 2009 assessment survey which CARLI members completed this Spring.

Ideas captured include:

- serving mobile users
- YBP Gobi training w/ GobiTween (consortial ordering module)
- revisit the bibliographers’ meeting in an updated Webinar format
- presentations outside of CARLI e.g. IACRL, ILA, ALA
- OCA best practices; database; object highlights
- virtualization of resources for distance education (w/ vendor presence)
- consortial sharing (I-Share and non I-Share)
- state of serials (electronic, storage issues, formats)—revisit Statewide Serials Collection Task Force report
- LibGuides best practices; LibGuides contest “best of show”; possible collaboration with Public Services WG
- what’s on the “chopping block”-- Budget woes
- Institutional Repositories redux—where are we now? follow-up w/ attendees
• basics of Acquisitions and Budgeting-- models, faculty/librarian involvement
• cataloging and access issues for e-resources (streaming media/ebooks/ejournals)

BRAINSTORM PROJECT IDEAS

Ideas captured include:

• guidelines for cooperative collection development
• follow-up analysis on Lynn/Tina’s I-share study—the next step for datasets
• helping with accreditation (subject discipline based)
• pilot an expert resource directory (data gathering via survey at CWG program)
• basic toolkit for collection development in specific disciplines
• increased promotion and stronger CWG Web presence eg. factoids, object of the month, better use of existing CARLI forums to promote award programs
• create “target lists” of free ejournals (SFX-enabled); opportunity to collaborate with E-ResourcesWG and use/create SFX discussion list
• assessment of our awards programs; circ stats over the years, use institution and systems reports; what’s being searched in OCA database?
