CARLI Report – given by Lorna Engels

- New WebVoyage 7 version has been released to Carli libraries and was broadcast in an email to all Carli liaisons on Dec. 17, 2009. It will serve as a parallel version while the present Version 6 will also be running. . Member libraries will have the option to try the new version if desired. Eary reports are that it is much faster than the previous version, and many of the kinks have been corrected.
- Carli will offer Voyager Circulation training on Feb. 25, 2010. Registration opening soon.
- Access reports training will be offered in three phases: A Basic Reports training will be first, followed by an Advanced Reports session(s), and finally "Turning queries into reports" session. All will be held at the Carli offices in Champaign.
- The Carli offices will be included in the announced Univ. of Illinois furloughs. There are no plans to have a reduction in CARLI services related to the furlough days being taken by staff.
- The Board reaffirmed the policy that when patron accounts are charged for lost or processing fees, the individual patron is the person responsible, not the library which sent through the remote borrower request.

IUG Report – given by Jason Rossi

- Last meeting was November 20; their next meeting will be Jan. 8, with updated report to follow.
- Copyright forum on April 28, "Digital and Electronic Copyright Issues" with Dwayne Butler from University of Louisville.

Old Business

- The I-Team Spring Forum is scheduled for June 18th, at the Wheaton College conference center. The topic will include "Mobilizing the Web." which will feature an encore presentation by DePaul Instruction librarians who are presenting "Anytime, Anywhere, Any Device: Developing a Mobile Website for your Library." at ALA Midwinter.
- The DePaul Team agreed to present it twice – for both morning and afternoon sessions.
- We need to develop 2-3 Breakout Sessions along the lines of mobilizing the web and other related topics, including training for these changes. Rebecca requested we put our ideas for these smaller break-out

sessions on the Google Docs as soon as possible. These sessions will run simultaneously to the DePaul presentation.

- It was suggested we might consider putting a call out to Carli members for break-outs from the membership related to such proposals as using Kindles, or other Hand-held devices.
- Jason suggested that they were checking out Kindles or Sony Readers at Robert Morris and he could look into having someone talk about their experiences, and how the materials have been made accessible through the catalog.
- Rebecca reported that several I-Share Instruction Team Members are submitting presentation proposals for the Information Literacy Summit in April.
- Lorna Engle and Paige Weston will be giving a presentation at Macalister College's Technology Conference in St. .Paul on March 17-18th demonstrating their SFX WINK tutorial
- Lorna also mentioned the 14th Annual Off-Campus Library Services Conference being held in Cleveland in April. She sent a link to the conference page for I-team members.
- Aimee is scheduled to present the WINK tutorial to the Carli Acqusitions/Serials team this spring, and Rebecca has presented training in using WINK at NIU this past year.
