VuFind will appear as the Universal Catalog on all Opa's June 1.

Classic will remain available in local catalogs only. In order for a user to place requests via VuFind (either local, call slip requests or UB requests), the user must have created a VuFind account, and must have profiled this account with her last name, library borrower ID, and library affiliation (the same credentials she would use to place the request in WebVoyage). Without the borrower ID in the profile, the VuFind account is valid for VuFind purposes (tagging records, marking "favorites," etc.), but is not valid for transactions involving the Voyager patron database, such as requesting or renewing titles. Once the VuFind account has been profiled with a borrower ID, the user no longer needs to remember the borrower ID: the VuFind account and password she established are all she will need to use. The VuFind username can be anything the user chooses; it can be, but does not have to be, the same as her library borrower ID.

CARLI receptionist, Becky has retired and is not being replaced. Be aware that when calling CARLI, you will connect with whoever is responsible for the phone that day. If no one answers, leave a /complete/ message. The call will generate a ticket and staff will contact you.

IUG Report: Mary Burkee
