- Report from 11/5:
  - Aimee reported that the workshop went well, especially scriptwriting/storyboarding that Julie & Merna presented on creating a VuFind script. This is what we plan to continue on the next workshop (11.12).
  - There were technology issues, but participants were very complimentary of the ability of the instructors to be flexible and present the information.

  - Ken will check on computers in the lab for this Friday's workshop at Dominican.
  - Parking/catering is all set to go.

Blog Posting

- Chris will write a blog post for this month.

**New Business:** Survey Results & the next Spring Forum topic

- Assessment, collaboration, embedded librarianship emerged as "big topics".

- Idea to expand/incorporate LibGuides and embedded librarianship, perhaps another panel?
- Aimee invites all team members to put up suggestions for speakers, presentation topics, etc. Put up your ideas by the next meeting (Dec 13<sup>th</sup>).
- Lorna will look over past notes and let us know past forums where assessment was the main topic.
- We have a possible presenter listed in the survey (Carol Reid from Heartland). This is more the embedded librarianship/collaboration theme.
- Discussed themes for the forum. The group is leaning toward embedded librarianship/collaboration with faculty.
- More discussion can take place over email, or at the next meeting.

**Next meeting:**

December 13, 2010 10:30 am.

Respectfully submitted,
