Announcements

CARLI Office Report

Covered in the morning meeting with IUG.

Delivery and communication with Lanter went well during the blizzard when many schools closed.

Is there a better way to find contact information than on the wiki? With standardization of loan periods and renewal there is less need to consult the wiki. Links will be added to the wiki going to the institution's web site and also to their staff directory.

How to encourage the loaning of AV materials among I-Share libraries? As discussed with IUG about this in the morning meeting, it will have to come from the Director's level at each institution. Wait and see what the CARLI Board recommends. Important to provide numbers to those who don't loan. Some discussion of the many issues surrounding streaming video in the future.

Concern about increases in Lost Item invoices: As discussed during the morning meeting with IUG, this is caused by the recent standardization and should start falling off soon.

Text of courtesy notice to avoid patron confusion: The text is set by each institution on individual computers, not a universal change CARLI can make. Notice of the recommend text and a reminder that notices go to all I-Share patrons, not just a particular institution's patron will be posted to the Resource Sharing List and Liaison List. This will also be posted on the Circulation Tips wiki.

Spring Webinar: Staff from Illinois Eastern University and Olivet have agreed to talk. All Resource Sharing Committee members can also contribute and should send Mel electronic copies of training documents and/or links to URLs. Mel will be the moderator.

Tasks assigned:

CARLI staff will make changes to Wiki contact information

CARLI staff will post information and text related to courtesy notices on the Circulation Tips wiki.

CARLI staff will send information and text related to courtesy notices to the Resource Sharing and Liaison list serves.

Committee members will provide electronic copies and URLs related to the Spring Webinar on training to Mel.

Meeting dates:

Next meeting: March 10, 2011, conference call (note we will not be using VoIP because of continuing problems). Possible topics for next meeting: standardization of lost processing; ebook borrowing.
