DISCUSSIONS

NEW BUSINESS:

Casey shared that she has been working with colleague Gordon Fellows on some new Universal Catalog load processes, to try to address some data quality issues. They are currently working on the procedures for a new Pass 3, which does some additional processing when records are still being discarded after Pass 2. Pass 3 targets short records that should be deleted, and the corresponding update to the full record. They have completed a small production test, and the results are encouraging.

Paige is working on a VuFind advanced search limit that would filter for government publications. Casey is therefore working on queries to find records that have incorrect coding for government documents.

IUG

IUG met on Feb. 10 with the Resource Sharing Team (in the morning), where they discussed the UB standardization policies that have been in place since August 2010. The CARLI Board will be evaluating the effectiveness of the UB standardization at their March meeting, and IUG has a few ideas for improvements to share with the Board.

IUG Discussions:

- There have been complaints that the UB loan periods for faculty is too short
- Circulating media for longer loan periods

- Fines and fees for UB materials

Meeting adjourned at 10:10 a.m.
