

## ELUNA Learns 2022: An Alma and Primo VE Training Opportunity for I-Share Library Staff

As in previous years, CARLI has purchased a block of registrations for the 2022 Ex Libris Users of North America (ELUNA) online webinar series, ELUNA Learns. These sessions will be recorded, and the recordings will be available for a year to those who register. These sessions are normally \$25 per person; the CARLI block will be available **free** to I-Share library staff on a first come, first served basis while our supply lasts.

More information about ELUNA Learns is available at <https://el-una.org/meetings/eluna-learns-2022/>  
At the time of this writing, the course descriptions have not yet been posted.

**To take advantage of the CARLI purchase, register through CARLI and not on the ELUNA website.**

CARLI will process your registration with ELUNA. ELUNA will follow up with two emails directly to you. First you will receive a registration confirmation (please ignore the text about how to pay for your registration). You will then receive a second email from ELUNA with the webinar access credentials. This email will be sent approximately one day before each scheduled session for which you registered. Please note that ELUNA's policy is that these registrations are for one individual only and are not for group use.

**To register: complete this form, attach to an email, and send to [support@carli.illinois.edu](mailto:support@carli.illinois.edu), with "ELUNA learns" in the subject line. Please complete a separate form for each person registering.**
