

Creating your I-Share Account

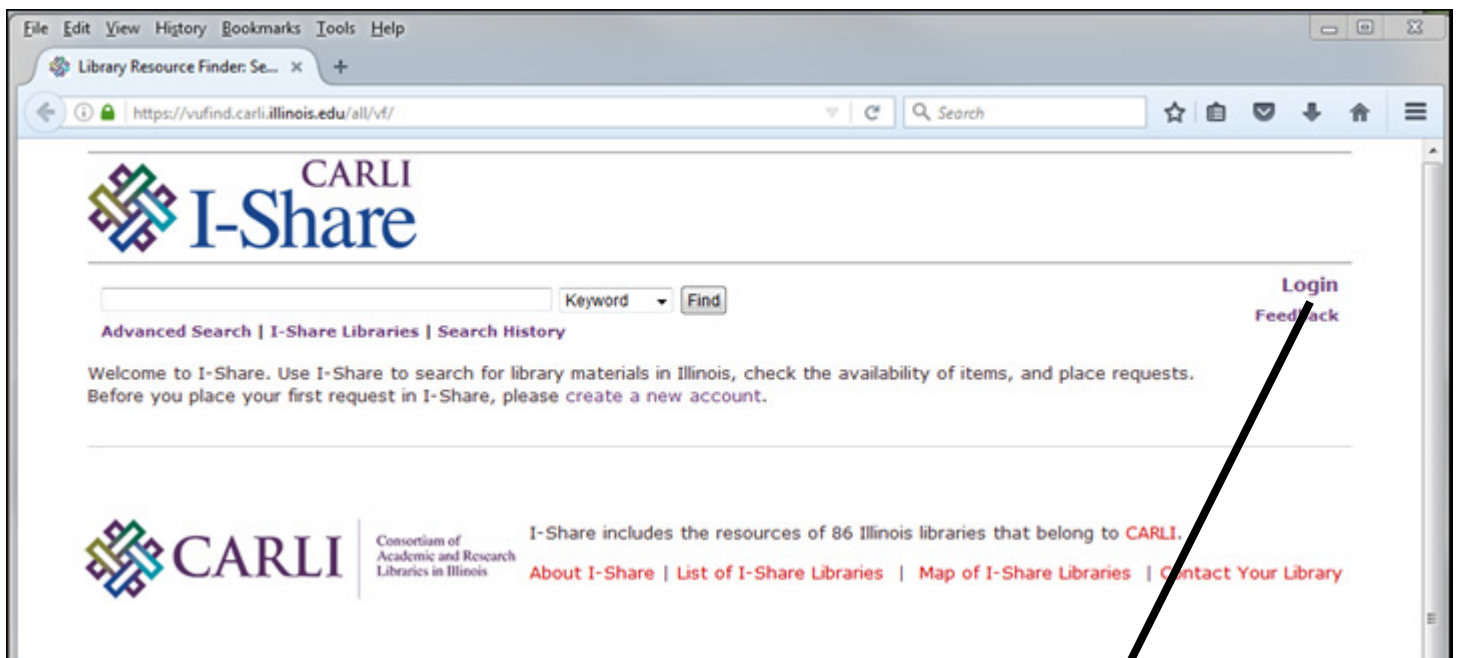

If you are enrolled at, or employed by, an I-Share member institution, you may create an account that will allow you to borrow library materials from any I-Share library.

View the list of I-Share members here: https://www.carli.illinois.edu/membership/i-share_part

Please contact your library with any questions.

Creating Your Account

1. In your internet browser, open the link to the library catalog.
 - Your library may provide a link to the library catalog from their website.
 - Or visit <https://vufind.carli.illinois.edu/all/vf/> for the I-Share version of the catalog.

2. Select the "Login" link in the upper right corner of the screen.

3. The Login page will open. Select the “Create New Account” link.

Login

Don't have an account in this version of the catalog?
To request or renew items, [create a username and password](#).

Username: ?

Password:

Is this a private workstation? Yes (Check "Yes" to stay logged in until you decide to log out. Otherwise the catalog will log you out automatically after 10 minutes of inactivity.)

Library Account Information

Enter information below to match ("sync with") what's in your library account:

Borrower ID (Barcode Number): ?

Last Name on Library Account: ?

I-Share Library with Which You Are Affiliated: ?

[Login FAQ](#) ? [Instructions for ILLINET libraries](#)

- Choose a username; the username must be unique.
- Your Borrower ID is your library barcode number; it is usually printed on your campus ID card.
- Select your library from the “I-Share Library with Which You Are Affiliated” drop-down menu.

5. Select the “Submit” button when finished; if you see your name displayed in the upper right corner of the screen, your account was successfully created.

6. Contact your library with any questions.
