CARLI

I-SHARE ANNUAL STATISTICAL PACKAGE: FIND THE RIGHT REPORT

Alma/Primo VE Open Office Hours

January 12, 2023

Today's Agenda

- Announcements
- I-Share Annual Statistical Package
- Open Q&A

Premium Sandboxes (PSB) Refresh – February 2023

- Refresh will occur on February 12 as part of Alma quarterly release update
- After the refresh CARLI staff will prepare the sandboxes for use
  - Refreshing the user accounts
  - Configuring AFN between the sandbox IZs
- Watch for an announcement from CARLI once the sandboxes are ready for use again in February.

- If you are currently using the PSB for testing be aware that any examples you've set up will need to be recreated after the refresh.
- More information on the PSBs

Time to update your Alma Electronic Resources to keep aligned with current purchases.

End of Calendar Year 2022

– If your library has added or cancelled/not renewed subscriptions to e-resources, plan to update your Alma Institution Zone.

– More "how to" documentation at https://www.carli.illinois.edu/products-services/i-share/electronic-res-man

I-SHARE ANNUAL STATISTICS PACKAGE

Finding the Right Report

Today's Outcomes

Introduction and Background: The 5 W's of I-Share Annual Statistics

What & When: Circ & AFN stats

What & When: Collection and Electronic Collection stats

How & Where: Report Download Locations

You & Why: Report Descriptions and Mapping to Surveys

What's Next for 2023?

The 5 W's of I-Share Annual Statistics

- Why: Libraries have many reporting needs
- Who and How: CARLI Staff
  - CARLI automated scripts and APIs
- What: 29 reports covering Fiscal/Academic Year ending June 30, 2022
- When: Reports generated on July 1* or July 16
  - * Reports for institutions with a different fiscal calendar run differently
- Where: 22 reports shared to libraries' secure FTP folders
  - 10 reports posted to CARLI website
  - I-Share Statistical Package folder in Analytics

Circulation and Automated Fulfillment- FTP Directory

- Circulation Files uploaded to your CARLI FTP directory:
  - I-Share Circulation Stat 1: Circulation by Item Location at Time of Loan
  - I-Share Circulation Stat 2: Circulation by Circulation Desk
  - I-Share Circulation Stat 3: Circulation by User Group and Home Library
  - I-Share Circulation Stat 4: Serial Title Circulation and In-House Use
  - I-Share Circulation Stat 6: Circulation by User Group and Item Policy and Location at Time of Loan
- AFN files uploaded to your CARLI FTP directory:
  - I-Share AFN Stat 1: Network Lending Counts (aka, Outgoing ILL)
  - I-Share AFN Stat 2: Network Borrowing Counts (aka, Incoming ILL)
  - I-Share AFN Stat 3: Titles Borrowed from Other I-Share Libraries

I-Share AFN Stat 1: Network Lending Counts

I-Share AFN Stat 1: Outgoing ILL FY 2022

View   Edit   Revision operations

Outgoing ILL represents items loaned by your library to each I-Share library. An on-site lending transaction is one in which the patron of the other library walks in to your library to complete the circulation transaction. A remote lending transaction is one in which the patron from the other library requests the item, the item is sent to their desired pickup location, and is charged there.

Institution	On-Site Lending	Remote Lending	Total Lending
Abraham Lincoln Presidential Library and Museum (ALP)	0	0	0
Adler University (ADL)	1	79	80
Augustana College (AUG)	3	517	520
Aurora University (ARU)	4	199	203
Benedictine University (BEN)	3	249	252
Black Hawk College (BHC)	3	204	207
Bradley University (BRA)	2	753	755
Carl Sandburg College (CSC)	1	260	261
Catholic Theological Union (CTU)	11	757	768

I-Share AFN Stat 2:
Network Borrowing Counts

I-Share AFN Stat 2: Incoming ILL FY 2022

View   Edit   Revision operations

Incoming ILL represents items borrowed by your patrons from other I-Share libraries. An on-site borrowing transaction is one in which your patron visits the other library and completes the circulation transaction there. A remote borrowing transaction is one in which your patron requests an item, the item is sent to your library, and is charged at your library.

Institution	On-Site and Remote Borrowing
Abraham Lincoln Presidential Library and Museum (ALP)	0
Adler University (ADL)	115
Augustana College (AUG)	1077
Aurora University (ARU)	497
Benedictine University (BEN)	186

Bradley University (BRA)	911
Carl Sandburg College (CSC)	15
Catholic Theological Union (CTU)	244

I-Share AFN Stat 4:
Count of Home User's Requests for I-Share Items

New-- I-Share AFN Stat 4: Count of Home User's Requests for I-Share Items

| View | Edit | Revision operations |

This annual report allows you to review counts of your local patron's requests for I-Share library materials.

- This report does NOT include requests placed by patrons, where Alma could identify no potential lenders for the request and thus could not build a ROTA.
- The "Initiated Requests" field totals the number of requests made by patrons from that institution.
- The "Filled Requests" field totals the number of those requests, where another I-Share library filled the request for the patron. This total includes both items that did arrive for hold, and the items that did not arrive for hold.
- The Unfilled, Canceled, and Deleted requests columns total request placed by the patrons, where the patron's request went unfulfilled.
  - The Unfilled requests include those that were "rejected" by the possible lenders- both because no I-Share library was able to fill the request or because the patron was ineligible for the request (aka, hd a network block).
  - The total for Canceled Requests includes requests that were canceled by the patron.

Institution Name	Initiated Requests	Filled Requests	Unfilled Requests	Canceled Requests	Deleted Requests	Percentage of Requests Filled
Abraham Lincoln Presidential Library and Museum (ALP)	0	0	0	0	0	N/A
Adler University (ADL)	250	230	19	1	0	92%
Augustana College (AUG)	1516	1184	312	20	0	78%
Aurora University (ARU)	737	534	193	10	0	72%

I-Share AFN Stat 5:
Count of I-Share User Requests for Your Institution's Items

New-- I-Share AFN Stat 5: Count of I-Share User Requests for Your Institution's Items

View   Edit   Revision operations

This annual report allows you to review counts of request for your institution's items by patrons at another I-Share library.

- This report does NOT include requests placed by patrons, where Alma could identify no potential lenders for the request and thus could not build a ROTA.
- The "Rota Inclusion" column is the total number of times that Alma identified your library as a potential lender, and added your library to the lender string. The majority of these requests were filled first by another library earlier in the lender string, and the request never reached your institution.
- The "Initiated Requests" field totals the number of I-Share patron requests that your institution received.
- The "Filled Requests" field totals the number of those requests, where your institution filled the request for the I-Share patron.
  - This total includes both items that did arrive for hold, and the items that did not arrive for hold; it does not account for whether the patron completed the loan or let the request expire on the hold shelf.
- The Unfilled, Canceled, and Deleted requests columns total request placed by the patrons, where your institution did not fill the request.
  - The Unfilled requests include those that were "rejected" by your library- both because you were able to fill the request or because the patron was ineligible for the request (aka, hd a network block).
  - The total for Canceled Requests includes requests that were canceled by the patron.

Requested From	Rota Inclusion	Initiated Requests	Filled Requests	Unfilled Requests	Canceled Requests	Deleted Requests	Percentage of Requests Filled

Library Patron Record Counts

Library Patron Record Counts FY 2022

This report counts the number of local patron records that were active and unexpired as of **7/6/2022**.

This count includes patrons across all local patron groups, including library-use/workflow-based accounts.

Institution	Patron Record Count
Abraham Lincoln Presidential Library (ALP)	1,640
Adler University (ADL)	6,218
Augustana College (AUG)	6,639
Aurora University (ARU)	22,161
Benedictine University (BEN)	15,211
Black Hawk College (BHC)	8,645

Borrowing and Lending Comparison

Borrowing and Lending Comparison FY 2022

View | Edit | Revision operations

I-Share Lending [Outgoing] AFN Stat 1 and I-Share Borrowing [Incoming] AFN Stat 2 totals in one view for easy comparison.

Institution	Total Lending	Total Borrowing
Abraham Lincoln Presidential Library and Museum (ALP)	0	0
Adler University (ADL)	80	115
Augustana College (AUG)	520	1077
Aurora University (ARU)	203	497
Benedictine University (BEN)	252	186
Black Hawk College (BHC)	207	89
Bradley University (BRA)	755	911

Circulation Transactions Comparison

Circulation Transactions Comparison, FY 2022

This report uses Circulation Stat 3 to compare the total number of loans made to your home patrons, to loans made to users from another I-Share library.

This report is better used for general peer comparison than for answering statistical surveys; to answer statistical surveys, each library should use their individual Circ Stat 3 report to calculate totals.

- Notes:
  - If your institution uses the ILLINET linked user records to record OCLC/other ILL system transactions in Alma, those loans are not counted in the data below, but they ARE counted in the data for AFN Stats 1 & 2. Because of this exclusion/inclusion, the totals for you library (and the overall totals of loans) in these reports may not match.
  - Similarly, if your institution has any local user records assigned the I-Share user group (either intentionally or accidentally), those loans will be included as an I-Share loan in this report, and also in AFN Stats 1 & 2.

Institution	Local Circ	I-Share Circ	Total Circ
Adler University (ADL)	709	80	789
Augustana College (AUG)	5464	543	6007

Reciprocal Borrowing to I-Share Patrons

Reciprocal Borrowing to I-Share Library Patrons, FY 2022

This report counts the number of I-Share reciprocal borrowing charge transactions (your library's item, charged on-site at your library, to an I-Share patron).

When reporting this data, if your library provides access to community borrowers through reciprocal borrowing agreements, and those borrowers have a unique patron group at your library, include the count of charges from ➜ Circulation Stat 3 where the patron group name is your reciprocal borrowing patron group(s).

Institution	Count of I-Share reciprocal borrowing transactions
Adler University (ADL)	1
Augustana College (AUG)	3
Aurora University (ARU)	4
Benedictine University (BEN)	3
Bradley University (BRA)	2
Carl Sandburg College (CSC)	1

Print Collections

Counts of items, holdings, and bibs in different perspectives

Most reports are snapshots

– Collection stats 3 and 4, measuring collection changes, use date ranges

Reporting to Surveys

– Item records approximate volumes: use Collection Stat 1 or 5

– Bib records approximate titles: use Collection Stat 6 or 11

Finding More on Analytics Reports

- CARLI Website documentation: https://www.carli.illinois.edu/products-services/i-share/alma-analytics
  - Training Examples:
    - Ex Libris 2021 Analytics Master Class recordings and handouts
    - How-To: Getting Started with Analytics

- Accessing files through Secure FTP: https://www.carli.illinois.edu/products-services/i-share/external-system/SSHSecureShell
- Connecting to Box.com: https://www.carli.illinois.edu/products-services/i-share/external-system/box-folders

Future Plans

- CARLI Office staff have been working with an Analytics consultant to:
  - Review the existing reports in the Annual Stats package for accuracy and ease of use.
  - Develop new reports to fulfill outstanding needs of libraries.
- With this information we are working towards:
  - Continue to develop reports to meet current library needs
  - Automation of new reports
  - Developing dashboards to streamline the use of annual stats package reports by I-Share institutions
  - Moving towards CARLI-specific Analytics training
