Questions for panelists on Shelf-Ready:

1. Why did your library implement shelf-ready services?

2. What aspects were most important?

3. What vendors did you consider, and why?

4. Did you do a trial first and if so, what kind?

5. Have you managed shelf-ready materials differently than non-shelf-ready materials?

6. What things did you find that required adjusting?

7. What is the quality of bibliographic records for shelf-ready materials?

8. Do shelf-ready materials affect local procedures and cataloging practices?

9. What is the level of satisfaction with shelf-ready services?

10. If shelf-ready has been a success in your library, do you see its role expanding to include other vendors, other formats, etc.?
