CARLI Committee Annual Projects

CARLI's committees play a vital role in the ongoing success of the organization. The service of our volunteers reflects an enduring commitment to developing and maintaining quality programs and services. The Annual Projects completed by our committees in 2014 once again the important work done by CARLI committees.

In addition to these projects, 1400 staff at CARLI member libraries attended forty+ educational events, on a wide variety of topics. These events are made available through the collaborative efforts of all CARLI committees. The efforts of CARLI committee members provide a critical service to the organization and to all Illinois libraries, and we offer our thanks and deep appreciation for their service.

All reports are available from the Reports and Meeting Minutes page on the CARLI web site at http://www.carli.illinois.edu/governance/reports or from the URLs listed below.
