The CARLI Strategic Priorities:

• FY22 marks a time of returning to a changed environment
  • Students and staff return to a changed environment
    • Calls for action related to equity, diversity and inclusion must be addressed as we envision CARLI programming, services, and initiatives in FY22 and beyond.
  • Settling into Alma/Primo VE
    • Big clean up project ahead for I-Share participants
    • Reducing duplicate records and named users
    • Committees may be involved in best practices

NEW TASK FORCES FOR FY 22

- **Discovery Primo VE**
  - The Discovery Primo VE Task Force will collaborate with other CARLI committees and with the CARLI membership to identify and address the most urgent needs for optimizing the discoverability of materials in Primo VE. Close ties should be established between the Discovery/Primo VE Task Force and other committees whose work interacts with Primo VE.

- **Electronic Resources Management**
  - The E-Resources Management Task Force will advise on the whole life cycle of electronic resources from acquisitions and cataloging, to selecting how/what to add to Alma/PVE, activating, proxy issues, OpenAthens authentication, gathering usage statistics to help libraries know what and how material is being used, to deactivation/deaccession. The task force should include representation from committees including Commercial Products, Resource Sharing, Technical Services committee.

- The initial term of these task forces will be one year, with an initial report to the Board for consideration at their March 2022 meeting.
Committee/task force meetings throughout the year

- Until at least January 2022, meet via Zoom
- After that, committees/task forces can reassess
- Committee members should follow campus guidelines
The Governance section of the CARLI website provides access to:
